

Employee Requirements: What Are We Doing?

- 1 Remote working: we have encouraged employees working from home where possible.
- 2 The management has encouraged duty rotation after every two weeks. This has reduced overcrowding in the office and ensured compliance with social distancing protocol.
- 3 The company has ensured that at least two people can perform a particular task. This helps in case one of them is unwell by preventing a gap in a business operations.
- 4 Embracing technology has allowed remote working and monitoring. All meetings and training are held technology like zoom. This has reduced direct contact of employees.
- 5 PPEs: We have provided our employees with masks, hand sanitizers and gloves.
- 6 Temperature screening is done at all main entrances by trained security guards to anyone entering the premise.
- 7 We have created awareness via e-mails, social media and use of posters and signages at strategic places across the organization

Business Activities in Line With COVID-19 Prevention

1. Fumigation of premises after every two months.
2. Fumigation of all cargo before offloading at site.
3. Encouragement of cash-less transactions: mobile payments and bank transfers.
4. Provided a foot operated hand washing machine for employees and customers at the workshop area.
5. Placement of transparent screens to protect frontline workers dealing with customers.
6. Adherence to social distancing measures at our premises.

Our Vision

Make customers smile in every street, every town

Our Mission

To achieve leadership position in all our primary markets - power generation, automotive and engine-related products in East Africa.
